

Product data sheet

Care oil Eco / Care oil Eco white

Item no. 11002 2243 / 1002 2244

Product features

High-quality aqueous care oil for the initial treatment of oiled parquet floors and for the maintenance care of oiled wooden floors. Easy to use, with a short drying time.

Working with the product

Initial treatment

- The parquet surface to be treated must be clean and dry. Care Oil Eco does not produce an additional cleaning effect.
- Shake Care Oil Eco well before use.
- Spray Care Oil Eco onto the surface, or apply it in a thin layer.
- Apply the surface wiper thinly and evenly with a thin, lint-free cotton cloth or microfibre cloth.
- The floor may be gently walked on after 3 to 4 hours (depending on temperature, air humidity and ventilation).

Maintenance

- Depending on the level of soiling, the parquet surface to be treated must be cleaned first.
- Maintenance care can be regularly performed using simple tools (without machines).
- Apply the care oil as evenly as possible with a cloth or mop. Treated surfaces may be walked on after 3 to 4 hours.
- A layer of the product may accumulate on the surface if it is used too often.

Storage

- May be stored for 1 year in its sealed original packaging
- Keep away from children
- Do not store at temperatures under 5 °C
- Protect from frost

Technical data

- Consumption: 40–50 m²/litre
- Drying time: 3 to 4 hours; do not walk on the surface during this time.

Contents: Aqueous oil emulsion

Cleaning of working tools:: Clean the tools with water immediately after use.

Water hazard class: none

Risk statements and safety recommendations as per the Hazardous Substances Ordinance (GefStoffV)/ Chemicals Ordinance (ChemV): No risk or safety statements

Attention:

- Because of the self-ignition hazard, let rags, sponges or pads soaked in oil dry, or dispose of them in non-flammable containers!

Waste code: 08 01 11

Note:

The above data are based on comprehensive practical and laboratory testing. Because the circumstances in which our products are used are not under our control, we can only guarantee the quality of the oil. Please observe the instructions on our information sheets and safety data sheets
